Clips

We used the high quality metal hook and clips to your hanger, with iron material, different color, electroplated surface effect, make it prevent rusting.

The shape you can chose: round shape, it can with beading or no, and the tip part can be kept or not; round flat shape; square shape; square round shape; and special long square shape, or other more custom shape.

The beautiful color that you can use for the metal accessory, the normal color: shiny silver color, we call it also chrome color; nickeling color, we also call it matte silver color; gun black color, the color is black but very shine; ordinary black color. The special color: matt black bolor, we call it dusty black color, the surface does not have any brightness, and it's not electroplated effect; Ordinary golden color, dark golden color; Rose Gold color, Champagne gold color and bronze color ...

Our regular package

Different hangers pack with different various suitable bag, rubber coated hanger and

regular plastic hanger packed with transparent plastic bag, Velvet hanger use PE foam bag, and place hangers into the custom K = K size carton, printed with your shipping mark, then ship to your add.

Logo display

We can add your company name on the hangers, and with the effect of the logo you want. Most regular logo effect for plastic hanger is print, support one color print and two colors printing or more color. Silver hot stamping and gold hot stamping is very shine, it is usually to match with metal accessories, make the hanger more fashion, and the logo clearly. Plastic plate logo or special metal plate logo is very very luxurious for plastic material hanger, make the whole hanger looks more luxury.

Different types of hanger

Many customers want the plastic hanger with the different surface effect, to meet their need. Such as velvet surface effect are more used for women dress, because it has good non-slip effect, and electroplated surface effect are more for fashion shop, and rubber coated surface effects are suitable for man garment, and baking surface effect is suitable for everyone.

Quality control

We have set up a complete and effective control system and see details as follows:

- 1) material quality control
- 2) process quality control

- 3) first piece quality control
- 4) mass products quality control
- 5) outgoing quality control
- 6) ready for delivery
- 7) container loading quality control
- 8) all quality checks are correctly recorded and archived for tracking and managing purposes.
