engrave logo(painting)

- **metal plate logo**:
metal plate logo is a type of logo where the letters or symbols are embossed or engraved into a metal plate, which is then attached to the garment. This method is durable and gives a premium look.

- **printing logo**:
printing logo is a type of logo where the design is printed directly onto the fabric of the garment. This method is cost-effective and allows for a wide range of colors and designs.

- **engrave logo(no painting)** :
engrave logo(no painting) is a type of logo where the design is engraved into the wood of the garment. This method is durable and gives a natural, rustic look.

- **engrave logo(painting)**:
engrave logo(painting) is a type of logo where the design is engraved into the wood of the garment and then painted. This method is durable and allows for a wide range of colors.
